## VERSATILE & CUSTOMIZABLE **SHADE SAILS**

The popular solution for providing shade and sun protection in outdoor spaces. They are durable, versatile, and fully customizable structures designed to suspend in the air and block the sun's harmful UV rays.

They can be installed in a variety of configurations, including triangular, rectangular, and square shapes, depending on the specific needs of the space.

Shade sails are not only functional but also enhance the visual appeal of outdoor spaces. They provide a cool and comfortable environment for various activities, including dining, socializing, or simply enjoying the outdoors and match the protection similar to SPF 50.

Overall, shade sails are an effective and aesthetic solution for providing shade and sun protection in outdoor areas, offering a versatile and stylish option for both residential and commercial spaces.

The fabric can be chosen in different colors and designs with UV Protection to complement the aesthetic of the surrounding environment.

1. Non Waterproof Shade Net - offer wider coverage
2. Waterproof Shade Net
3. PVDF - Requires a much more sturdy structure

FIXED SHADE CANOPIES

# RELIABLE SHADE ALL YEAR ROUND

[www.mombasacanvas.com](http://www.mombasacanvas.com)

## PERMANENT SHADE, LASTING COMFORT

# FIXED CANOPIES

Fixed canopies are permanent structures that provide shade and protection from the sun in outdoor spaces. Unlike shade sails, which are typically suspended in the air, fixed canopies are attached to a solid framework or mounted on existing structures such as walls, roofs, or support posts.

One of the main advantages of fixed canopies is their stability and durability. Since they are securely attached or built into existing structures, they can withstand strong winds, heavy rain, and other weather conditions. This makes them suitable for year-round use and provides a more permanent shade solution compared to more temporary options like shade sails.

Overall, fixed canopies are a durable and customizable shade solution for outdoor spaces, offering stability, protection, and added features. They are suitable for both residential and commercial applications and provide a long-term shade solution that can enhance the comfort and aesthetics of the space.

# PROTECTIVE SOLUTIONS FOR OUTDOOR FURNITURE **BOX COVERS**

Designed for durability and all-weather protection. Made from high-quality, weather-resistant materials, our covers shield your furniture from sun, rain, dust, and debris, ensuring long-lasting use and minimal maintenance. Whether for residential patios, hotel lounges, or restaurant seating, our box covers provide a sleek, tailored fit that keeps your outdoor spaces looking pristine.

Crafted for both function and style, our protective covers offer a snug, secure fit while complementing your outdoor aesthetic. Easy to use and maintain, they help extend the life of your furniture, reducing wear and tear caused by harsh environmental conditions. Invest in reliable protection and keep your outdoor setup looking as good as new, season after season.

LUXURY SAFARI & CAMPING TENTS

# EXPERIENCE THE WILD IN COMFORT

[www.mombasacanvas.com](http://www.mombasacanvas.com)

FOR AN IMMERSIVE WILDLIFE EXPERIENCE

# SAFARI TENTS

Our Safari tents, also known as canvas tents or luxury safari lodges, are specifically designed for wildlife safaris and outdoor adventure experiences. Our Safari tents are typically made of durable, waterproof canvas or other sturdy materials that can withstand the harsh conditions of the safari environment. They are usually spacious and can accommodate multiple occupants, making them ideal for families or groups.

These tents often feature a classic design reminiscent of traditional African safari camps. They have large, zippered windows and doors that can be easily opened to let in fresh air and allow guests to appreciate the surrounding nature.

Glamping tents, also known as luxury camping tents, are a more glamorous and comfortable alternative to traditional camping tents, made of high-quality and durable materials such as RIB STOP (SA), PVC, Canvas & Netting, providing better insulation and protection from the elements. They may include features such as large windows or skylights .

ELEVATE YOUR EVENTS

# EXHIBITION & EVENT TENTS

Our customizable tents offer versatile spaces for showcasing products, promoting businesses, and engaging attendees. Designed for trade shows, fairs, weddings, and corporate events, they provide a practical and stylish solution for temporary exhibitions.

## 1 FRAME

The frame of the tents is usually made from lightweight but strong materials like aluminum (fixed sizes of 2X2 or 3X3 meters) or steel (customisable sizes & styles).

## 2 ROOF & WALLS

Our tents have a roof (Slope or High Peak tops) with an option of sidewalls that can be customized to suit branding and design preferences. Using PVC / PVDF materials.

## 3 FLOORING

Optional flooring systems can be fabricated using PVC to protect the ground below and provide a more comfortable walking surface for users.

## 4 DOORS & WINDOWS

Our tents may feature entrance doors and windows for easy access and visibility. Either transparent or netted.

# TYPES OF TENTS

## 1 POLE TENTS

Feature center poles and large peaks, creating a classic and elegant look. They are supported by tensioned fabric and are ideal for weddings, formal ceremonies, and upscale events.

## 2 FRAME TENTS

They have a freestanding metal frame structure without any center poles. They are versatile and can be set up on any surface, making them suitable for events where stakes cannot be driven into the ground, such as on concrete or asphalt.

## 3 MARQUEE TENTS

These are similar to frame tents but have a more streamlined design with a sleek, modern look. They are often used for social gatherings, cocktail parties, and outdoor receptions, providing an elegant and open atmosphere.

## 4 CLEAR SPAN TENTS

Also known as structure tents, are large, spacious, and sturdy structures that do not require internal support columns. They offer unobstructed interior space.

## 5 POP-UP CANOPIES

Pop-up canopies are compact and portable tents that can be easily set up and taken down.
